HUNDREDS WILL ATTEND.

Fourth Annual Ten Days' Course in Agriculture at State University to Be Held Feb 5 to 15.

Methods of improving the 100,000 dairy herds of Wisconsin that furnish milk to 3,000 creameries and cheese factories, the drainage of swamp lands, the making of good roads, horse raising, and the care of orchards, will form the chief subjects of discussion at the fourth annual farmers' course to be held at the college of agriculture of the University of Wisconsin, Madison, Feb. 5 to 15. From present indications from 500 to 600 farmers will avail themselves of the opportunity to get the latest information in agriculture. Last year 410 were registered, a marked increase over the preceding year. The course is intended for farmers over twenty-five years of age who are unable to avail themselves of other instruction in agricultural methods. No fees or charges of any kind are made by the university for this course.

The special feature of the farmers' course this winter will be the consideration of methods of improving the 100,000 herds of dairy cows that furnish milk to 3,000 creameries and cheese factories. Methods of improving the dairy breed by substituting registered, pure bred bulls for the scrub bulls now used, will be considered. Demonstrations of the milking machines which have been installed in the dairy barns will form an interesting part of the instruction in dairy methods. Tuberculosis in dairy herds, with post mortem demonstration of the presence of the disease in cows and the method of applying the tuberculin test, will form another important part of the work for those interested in dairying.

Professor A. S. Alexander will conduct the work in the raising of horses, and will lecture on draft horses, types and breeds, methods of examining for soundness, and similar topics. The operation of the new stallion registration law, and the possibility of developing Wisconsin as a great horse raising state, will be discussed. Improved varieties of barley and oats for Wisconsin farms will form the subjects of information by Professor R. A. Moore, and will be illustrated by samples and steropticon slides of improved grains. Professor E. P. Sandsten will present the subject of the laying out of orchards and small fruit gardens, and the selecting, planting, and care of the fruit trees. The need of land drainage in Wisconsin, the profit of drainage as based on data gathered from farmers, and the cost of draining marsh land as compared with the benefits, is another practical topic to be considered.

The aim of the ten days' farmers' course is to give busy farmers the maximum amount of instruction in the minimum amount of time. The programme, which is now complete, provides of lectures, demonstrations and practical work from 8 o'clock each morning until 9 o'clock at night. All the resources of the college of agriculture will be placed at the disposal of the farmers and dairymen of the state who take advantage of the means of instruction thus provided.

At Rest.

Leonard, the infant son of Mr. and Mrs. George O. Newby died at their home in the town of Buena Vista, on Sunday at 4 o'clock in the morning, Dec. 23. 1906, of congestion of the brain, aged 8 months. He remained but a few months to brighten their home and then took his flight to the heavenly shore. The funeral was held on Monday, Dec. 24th, at the house, conducted by Rev. Gibson, of Almond.

Yes, close the door gently,
Baby Leonard is dead,
His body is resting,
His spirit hath fled;
He has gone from the
Friends who have loved him so well,
With Jesus and angels
Forever to dwell.

Death enters each circle
And marks out his prey,
Nor talent, nor beauty,
His stern hand can stay.
He spares not one gem
But removes one and all,
And the richest and dearest
Are marked first to fall.

Spread lightly above him,
Ye white robes of snow,
For pure is the heart
That is resting below;
Blow softly ye winds,
Who your night vigils keep
O'er the grave where Leonard
Now lieth asleep.

Haste, Spring,
Thy green mantle above him to spread.
And Summer with flowers
To bloom o'er his head:
Wave gently ye willows
That over him sigh,
And weep that our loved one
Thus early should die.

Within the lone graveyard
We have laid him to rest,
With hands meekly laid
On his breast;
There sweetly he will slumber
Beneath the cold ground,
Till awakened again
By the trumpet's loud sound.

What long weary hours
Of pain ere he died,
What anguish in crossing
The cold, chilly tide;
Tho sad are our hearts
No murmur shall rise,
For we hope soon to meet thee
Above in the skies.

Where is Tommie Monaghan?

At about 10 o'clock last Wednesday morning Thomas Monaghan, who with his cousin, Thomas Mullen, operated the meat market at 419 Main street, disappeared and his present whereabouts remain unknown. The other member of the firm had gone to the depot at the time mentioned and recollecting a forgotten meat order, he 'phoned to the shop. His call was not answered and upon arriving at his place of business a few minutes later, found it deserted with the door wide open. Ben Boyer, clerk in the Kern shoe store, informed him that Monaghan had been absent for some time.

Monaghan never intimated to either Mullen or other acquaintances of his intention of leaving the city, nor did he state why such action would be necessary. Tom talked very little of his personal affairs since coming here from Minneapolis a few weeks ago. It was known to Mullen however that his partner received letters from a lady in Minneapolis, directed to "Thomas Mason," and upon being jollied by Mullen, Tom answered that they were from his wife, who he stated resided in Minneapolis. Monaghan, it is said, was known at the latter place as "Tom Mason." In Thursday morning's issue of the Milwaukeee Sentinel the name of J. F. Monaghan, Stevens Point, was registered at the Davidson Hotel.

Blocked the Crossing.

Because he had violated a section of the city ordinances, A. E. Chambers, a Wisconsin Central conductor, was arrested on Thursday morning by Officer Boyer and when arraigned in municipal court, he pleaded guilty to the charge of having held his train on the Water street crossing for 14 minutes, the ordinance limiting such an action to 5 minutes. This being his first offense, Mr. Chambers was charged the minimum fine of $1 and costs.

Small Yield of Potatoes.

By figures printed in a statistical review of the potato crop in the United States, the Milwaukee Sentinel is authority for the fact that though having a large acreage in comparison with the productive areas of other states, Wisconsin had the lowest average for the amount of potatoes produced on each acre during the past season. The report shows an average of 77 bushels per acre for an area of 228,000 acres. The leading state in the production of potatoes is Maine, which has an average of 210 bushels per acre.

School Reports.

For month ending Dec. 16, town of Linwood, district No. 5. Number of pupils enrolled, 44; average daily attendance, 38. Those neither absent or tardy during the month: Gladys Upthagrove, Edna and Wilson Clarke, Vernon Andrews, Irene Golen, Eddie Krutz, Sigmund Strumkuski, J. D. Godin, Genevieve Godin, Alma and Janie Stoddard, Alma Barden, Royal and Myrtle Summers.

Elizabeth A. Forsyth, Teacher.

Condition is Improving.

The condition of Thomas Lepinski, who was the victim of an attack with a knife by Frank Pionek, of Linwood, on Dec. 24th, is now on the way to a rapid recovery and his assailant is awaiting trial for a lesser charge than originally arraigned for. The defendant, when brought before Justice G. L. Park for his preliminary examination at 10 o'clock Saturday morning, pleaded guilty to the charge of "assault with a knife for the purpose of doing great bodily harm." The young man was bound over to the circuit court and will soon ask to be taken to Grand Rapids and receive sentence from Judge Webb. The penalty is from one to three years in the state prison at Waupun.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to *insist* upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

The following is a copy of the notice above referred to:

Meeting of the Board of Supervisors.

To _____, a member of the County Board of Supervisors of Portage County:

You are hereby notified that in accordance with a request in writing addressed to the undersigned, Clerk of the said Board of Supervisors, by a majority of the members of said Board, a special meeting of the said Board of Supervisors will be held to convene at the Court House, in the City of Stevens Point, on the 21st day of May, 1906, at 1 P. M.

Dated at Stevens Point, Wis., this 12th day of May, 1906.

F. H. TIMM,
Deputy Clerk of the Board of Supervisors.

Mailed May 12th, 1906.

Moved by Supervisor Carpenter and seconded that the Chair appoint a committee of three members to draft and present a resolution of condolance on the death of the Hon. Chas. A. Lane. Motion carried.

The Chair appointed as such committee, Supervisors Park, Frost and Dille.

The Assistant Clerk read a communication from the Wisconsin State Tax Commission in reference to securing data of real estate leased for cash rental in the County of Portage. Said communication was addressed to T. J. Pitt, Supervisor of Assessment for Portage County, and by him referred to the Board of Supervisors for action; and same was on motion of Supervisor Carpenter laid over until the next regular meeting of the Board

H. J. Finch, on behalf of the Fair Association, addressed the Board upon matters appertaining to the Fair and the Fair Association.

Moved by Supervisor Carpenter and seconded that the Board proceed to an informal ballot for County Clerk. Motion carried.

The Chair appointed as tellers Supervisors Park and Dopp. The Board proceeded to an informal ballot with the following result:

Whole number of votes cast, 24, of which number A. E. Bourn received 10; J. E. Rogers, 8; James Beasley, 3; Wm. F. Berndt, 3.

Moved by Supervisor Dopp and seconded that the Board take a recess for twenty minutes, which motion was lost by a rising vote.

The Board then proceeded to a formal ballot for County Clerk, with the following result:

Whole number of votes cast, 25, of which number A. E. Bourn received 13; J. E. Rogers, 7; Wm. F. Berndt, 2, and James Beasley, 3.

Whereupon the Chair declared A. E. Bourn duly elected as County Clerk for the unexpired portion of the term, he having received a majority of all the votes cast.

The Assistant Clerk read a copy of a survey of the dam across the Wisconsin River, made by C. U. Malick, on Lot No. 3, in Sec. No. 31, and Lot No. 3 in Sec. No. 32, of Town 24, Range 8 East, and same was on motion of Supervisor Park referred to the District Attorney for his opinion, to be filed with this Board at its next annual meeting.

Moved by Supervisor Carpenter and seconded that the Chair appoint a committee of three, of which the Chairman shall be one, to approve the bond of the County Clerk-elect. Motion carried and the Chair appointed as such committee Supervisors Carpenter and Playman.

Moved by Supervisor Carpenter and seconded that the Board take a recess until 5 o'clock P. M., to enable the committee appointed to draft and offer a resolution of condolence on the death of Hon. Charles A. Lane, to prepare the same, and to enable such members as desired to visit the fair grounds. Motion carried, and a recess taken.

MAY 21st, 1906, 5 O'clock P. M

Board reconvened. Hon. Chas. Dake in the chair.

The committee appointed to draft and introduce resolutions of condolence on the death of the Hon. Chas. A. Lane reported by resolution as follows:

WHEREAS, the hand of death has removed from our midst Hon. Chas. A. Lane, County Clerk of Portage County, and we, the members of the Board of Supervisors of Portage County having been called in extra session to fill the vacancy caused by his death, deem it eminently proper that we record our esteem and regard for our departed Clerk. Therefore, be it

Resolved, by the Board of Supervisors of Portage County, that in the death of Hon. Chas. A. Lane, the County and State have lost an honest, impartial, upright citizen and a man conscientious and devoted to every public duty, who for the 21 years of his services as County Clerk industriously and honorably labored in his official duties and gave to his office his best possible service, and by his faithful service and kindly ways endeared himself to all and to the members of the Board, was ever ready to be of service. Be it further

Resolved, that these resolutions be spread at length upon our Minutes, and that a copy be sent to the family of the deceased.

G. L. PARK,
F. L. DILLE,
F. J. FROST,
Committee.

Moved by Supervisor Dopp and seconded that the resolution be adopted. Motion carried.

Moved by Supervisor Carpenter and seconded that Supervisors Foxen and Ward be appointed a committee on per diem and mileage of members of the Board. Motion carried.

Moved by Supervisor Carpenter and seconded that a committee consisting of Supervisors Park and Dille be appointed to check up the accounts of the late County Clerk, the Hon. Chas. A. Lane, with authority to make a full and complete settlement of same, and report its doings to this board at its next annual meeting. Motion carried.

Moved by Supervisor Foxen and seconded that the estate of the late Chas. A. Lane be allowed compensation for services of said Chas A. Lane as County Clerk for the first five days of May, and that F. H. Timm be allowed compensation for services as acting Clerk from and including May 6th until such time as the County Clerk-elect shall have fully qualified as such Clerk and assumed charge of the office. Motion carried.

Moved by Supervisor Carpenter and seconded that the Chairman and Clerk be authorized and instructed to settle with J. E. An automobile journal estimates that $70,000,000 has been spent on motor cars in New York, but it does not say how much of this was price and how much was repairs.

Dangers of a Cold, How to Avoid Them.

More fatalities have their origin in or result from a cold than any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by H. D. McCulloch Co.

The department of agriculture is starting an investigation on how long eggs will keep in cold storage. It is not stated whether the inquiry is for the benefit of homes, hotels or theatres.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes A. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both day and night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed very year. Guaranteed at H. D. McCulloch Co.'s. 50c and $1. Trial bottle free.

Now they are questioning the authenticity of the Adam and Eve apple story. The only point the average married man would like cleared up is whether or not it wasn't a lemon she handed him.

Builds up waste tissue, promotes appetite, improves digestion, induces refreshing sleep, gives renewed strength and health. That's what Hollister's Rocky Mountain Tea does. 35 cents, tea or tablets. H. D. McCulloch Co.

How to Cure Chilblains.

"To enjoy freedom from chilblains," writes John Kemk, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25 cents at H. D. McCulloch Co.'s.

A Good Guess of Long Ago.

During the American Revolution an English magazine published an estimate of the North American colonies. Placing the popluation then at 2,000,000 and assuming that it would double itself every twenty-five years, the writer estimated that in the year 1890 the number would have increased to 64,000,000. This may be taken as a most remarkable prophecy, inasmuch as the census of 1890 fixed the total population at 62,622,250.

Rough on the Doctor.

When a physician takes a vacation his medical friend who looks after his patients in his absence often resents being called the "assistant." The relieving doctor would prefer to be known as colleague or coadjutor or substitute. An old lady recently added a new synonym when she announced that she was being treated by her own physician's "accomplice."

Worse Still.

Irate Husband—I wish, madam, you would not interrupt me every time I try to say something! Do I ever break in when you are talking? His Wife—No, you wretch; you go to sleep!

Malicious.

Gladys—I refused Fred two weeks ago, and he has been drinking heavily since. Ethel—Isn't it about time he stopped celebrating?

It is estimated that £80,000,000 worth of British treasure lies sunk along the route from England to India.

The Right Name.

Mr. August Sherpe, the popular overseer of the poor, at Fort Madison, Ia., says: "Dr. King's New Life Pills are rightly named; they act more agreeably, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25 cents at H. D. McCulloch Co.'s.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember it's made alone for piles—and it works with certainty and satisfaction. Itching, painful, protruding or blind piles disappear like magic by its use. Try it and see! All dealers.

All the European powers are urging the Sultan of Morocco to dismiss Rasouli. Very much like admonishing a man to remove a boil on the back of his neck.

Cut this out and take it to H. D. McCulloch Co.'s drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. These tablets are far superior to pills, being easier to take and more pleasant in effect. They correct disorders of the stomach, liver and bowels.

Miner Hicks is going on the stage. The only difference between him and Nan Patterson is that he goes from the tomb to the theatre and she from the Tombs.

Croup can positively be stopped in 20 minutes. No vomiting—nothing to sicken or distress your child. A sweet, pleasant and safe syrup, called Dr. Shoop's Croup Cure does the work and does it quickly. Dr. Shoop's Croup Cure is for croup alone, remember. It does not claim to cure a dozen ailments. It's for croup, that's all. Sold by all dealers.

A sporting journal makes the rather trite remark that boxing develops the lungs. And now many members of Congress are wishing the President would drop his sparring lessons.
